THE "I AM" PRESENCE

By Beloved friends seeking the Way back Home:

As you know, the outer self is linked to the ever-loving patient "I AM" PRESENCE by a constant stream of energy in The Holy Christ Self. According to the ability of The "I AM" Presence to govern the activities of the human consciousness, thinking and feeling nature, does the individual become more and more God-like. All of Our instruction and Service are bent toward merging the outer self with the ever-waiting "I AM" Presence in order to hasten the evolution of the chelas so that they may become a consistent power for good in this world of form.

The dwelling-place of the "I AM" Presence is affected Spiritually by the amount of communion and co-operation between Itself and the outer personality. The "I AM" Presence, draws closer to the individual according to the advancement of the Spiritual Nature. The chela, by conscious contemplation of His own "I AM" Presence, is drawn upward in consciousness. The "I AM" Presence is not a movable fixture - but rather the self of the outer man - is such a changeable being and is moving upwards towards The "I AM" Presence or away from Its Glory.

This Thread of Light from the "I AM" Presence through the Holy Christ Self to the little human form is the lifeline of all good, of intelligence, of every Divine impulse. The supply is always at hand, for the "I AM" Presence dwells in a Sphere where there is ever-present all that is or will ever be required by the outer man to expand God's Kingdom here on Earth.

When the outer self has completely absorbed and put into practice all the perfection in which The "I AM" Presence functions, the Cosmic Law rushes that "I AM" Presence to a Higher Sphere preparatory to the new demands made by the outer self. You can see, then, dear hearts, that The "I AM" Presence advances according to the inner prayerful devotions made upon It by the human self, and that this glorious, patient, ever-listening ONE is most eager for the co-operation of the outer self.

Now, beloved chelas of Mine, We again approach the Christmas Season, and the gentle mantle of the Spirit of Christmas is again lowered from The Sphere of The Great Silence and with this comes an ever increasing Light to bless and enfold mankind in Love Divine. Each One of the Ascended Host is a Cosmic part of this Cosmic outpouring of Grace which We, this Holy Season, present for your daily requirements, and We pray that It shall be a permanent Essence of Spiritual Strength to hasten your journey on The Path of Liberation.

Take advantage of this, dear hearts, and despite the pressure of outer activity, many times in the twenty-four turn inwards and upwards your thoughts, towards God and His Divine Messengers.

Love and Blessings

MAHA CHOHAN.
